ALTHOUGH the high school authorities of Arkansas provide for district elimination play in basketball and track events, football schedules are chaotic and seldom give any team a clear title to the state championship. A petition has gone up to the Arkansas Athletic association from El Dorado asking that the schools of the state be permitted to vote on a play-off this year and the setting up of a district-elimination system next year. The Hope Athletic Committee supported that petition in a telegram Friday night to Louis P. Mann, of Newport, president of the state association.

### Hope Wins 7 to 6, Horatio Putting Up Great Battle

Bobcats Come From Behind in Last Few Minutes

KICK GIVES VICTORY  
Madison Boots Ball Over Goal With Score 6 to 6

Kenneth Madison, blond halfback of the Bobcats, proved to be a real hero here Friday night, scoring Hope's lone touchdown in the final few minutes of play and then booted the pigskin squarely between the uprights to give the locals a 7-to-6 victory over a scrappy Horatio eleven.

Madison was the outstanding performer of the game. He fumbled once on the two-yard line, costing the Bobcats what looked like a sure touchdown, but he more than made up for his mistake. He shook loose from tacklers on several occasions, breaking into the open for nice runs. Horatio scored within the first five minutes of play which resulted from fumbles and a blocked punt. The score remained at 6 to 0 in favor of the visitors until a few minutes before the final gun when Madison tallied on an end run. It was a tense situation when Madison dropped back for the attempted kick after touchdown which would give Hope the deciding point. The ball shot back to Quarterback Harper who momentarily juggled it before placing it to the ground. Madison's toe met the oval with a thud, the ball shot upward and between the goal posts.

Horatio Wins Toss  
Horatio won the toss and chose to receive at the south end of the field. Mitchell, Bobcat fullback, kicked to the 15 yard line and Crews, Horatio fullback, returned to the 25. On the first play of the game the Lions pulled a hidden ball trick, but the Bobcats had been practicing a defense against this particular play the past week, and Brown broke through the Horatio line to throw the ball carrier for a six yard loss. The Lions hit the line and failed to gain, and Hibson punted to Harper in mid field.

Madison, Hope's brilliant halfback, tore off six yards around left end on the first play, but on his second attempt he fumbled and Horatio recovered on Hope's forty yard line. Failing to gain on line plays the Lions threw a 20 yard pass from Mathis to Longacre putting the ball on the Bobcat 15 yard stripe. Driving stubbornly, Ribson and Brown carried the ball to Hope 2 yard line where they were held for downs. Chamberlain, Bobcat center, dropped back to punt, but Longacre and Brazil rushed him so hard that he got off a weak, wobbly, punt, the ball going out of bounds on Hope's three yard line. On the first play Brown, 170-pound halfback, drove over left tackle for the first touchdown of the game. Line play for extra point failed. Score Horatio 6; Hope 0. In the second quarter the Bobcats played the Lions completely off their feet registering seven first downs to Horatio's none, but every opportunity to score was marred by untimely fumbles. With the opening of the period the Bobcats drove from their forty yard line behind good blocking by Hargis and Mitchell, and excellent running by Madison to the Horatio half foot line only to lose the ball on a fumble when a touchdown seemed inevitable. Horatio kicked out of danger, and the Bobcats again headed goalward. A 10 yard pass to Anderson placed the ball on the 25 yard line, Madison drove for a first down, and on the next play the Bobcats fumbled again with Horatio recovering. The Lions kicked out of danger, and the half ended with Gargie attempting pass in an effort to score for the Bobcats.

Second Half Opens  
The opening of the second half again found the Bobcats holding a commanding advantage, but the stubborn Horatio defense repulsed their every attempt to score. Madison again carried the brunt of the attack for the locals and several times tore off runs from 5 to 15 yards. Horatio was kept on the defense practically the entire quarter and never advanced beyond midfield. With the opening of the last quarter the Bobcats launched their final offensive drive. This time it was to prove successful, Madison and Harper alternating in carrying the ball advanced to the Horatio 20 yard line. Here another fumble cost the Bobcats the ball and Longacre, alert end, recovered for the visitors. But the fumble fix hit the Lions and Crews muffed the ball when he was tackled, Houston recovering for Hope on the

While the principle of forbidding post-season games which keep young athletes in training too long, is unquestionably sound, the state association has aroused the public by its unreasonable delay in adopting the district-elimination system. This may be as good a time as any to force a showdown.

Texas and Louisiana arrange their football schedules so that the smallest community in the state, if unbeaten, eventually has a chance at the title.

But in Arkansas it has been necessary for a team to play Little Rock, Pine Bluff or Fordyce to receive title consideration. This is an impossible system, of course, and leads only to wrangling and hard feelings. The blame lies with the state association—and it would do wisely to allow the schools to vote without further delay.

"Mental Photographs"—do you remember them? An interesting old game that was a St. Louis fad in 1870. The Post-Dispatch tells me about it. You are handed a sheet of paper asking 22 questions about your personal likes and dislikes. How you answer them, tells what kind of a person you are.

Here are two replies by an old German, J. F. Schmidt—and they picture him vividly even after all these years:

Q—What are the sweetest words in the world?  
A—"Home, Sweet Home!"  
Q—The sweetest?  
A—"I, the author of that song, never had a home."

Q—Your motto?  
A—"Be just before you are generous."

**Squirrel Stew Is Given Kiwanis**  
Club Committees Named for Year by New Administration  
Kiwanians enjoyed a squirrel stew at the Fair Grounds Thursday night, displacing their Friday night meeting this week. A. B. Spraggins provided the squirrel. The feed was prepared by Oliver Williams, Sid Bundy and Dewey Hendrix. C. F. Ewing had charge of arrangements. The Baptist quarter sang several numbers which were splendidly received by the club. Suggestions for developing enthusiasm for a big start on next year's Kiwanis work were offered in short talks by J. R. Floyd, A. E. Stonequist, John P. Cox, and the Rev. Geo. F. X. Strasser.

Guests were Mr. Bruner, of the Bruner-Ivory Hardware Co., Evan Wray and Frank Philbrick.  
Committees for the coming year were announced by Charles Dana Gibson, who becomes club president January 1. They are: John P. Cox, classification; Wayne England, program; Vernon Whitten, music; Ed. I. Rephan, boy scout work; J. M. Harbin, house; Joe L. Floyd, public affairs; Dewey Hendrix, reception and entertainment; Oliver Williams, athletics; R. V. Herndon, Kiwanis education; the Rev. Strasser, inter-club relations; C. F. Ewing, business standards and publicity; A. E. Stonequist, underprivileged child welfare; Rural conditions and agriculture, W. S. Atkins; Wallace Rogers, vocational guidance. Other members are to be placed on committees later, Mr. Gibson said.

### Georgia Papers on Dixie "Newsprint" Displayed at Star

Four of Nine Regular Editions Invite Public Inspection

IT'S WHITE PAPER  
Southern Pine May Seize Canadian Spruce's Paper Market

Four of the nine Georgia newspapers which were issued last Monday on newsprint made of Southern pine are on exhibition at The Star office, 212-214 South Walnut street. The other five will arrive the next few days and will be added to the exhibit. Timbermen and all others interested in this marvelous development by Dr. Charles Hertly of Savannah, Ga., are welcome to inspect these sample copies taken from the regular edition of commercial newspapers, printed on both the high-speed rotary presses of metropolitan plants, and the flatbed presses of papers approximately the size of Hope Star.

Papers now on file at The Star office are:  
Atlanta Constitution, 16 pages.  
Waycross Journal-Herald, 8 pages.  
Albany Herald, 8 pages.  
Brunswick News, 8 pages.  
All of them are perfectly printed, the new Southern white paper displacing anyone to tell the difference between it and Canadian spruce-newsprint—by simply looking at it.

It's Real Newsprint  
When you pick up a newspaper printed on spruce, however, there is a difference in the way it "feels." Ordinary spruce-newsprint crackles and crumbles when folded. This Southern newsprint is limp and velvet-like to the touch of your hand.

But the Georgia publishers testify that it has plenty of tensile strength despite its apparent softness. This paper ran successfully through the Atlanta Constitution, which turn out about 50,000 copies an hour.

And of them are perfectly printed, the new Southern white paper displacing anyone to tell the difference between it and Canadian spruce-newsprint—by simply looking at it.

The publisher of The Star received this comment in a letter from C. H. Leavy, publisher of the Brunswick News:  
"It may interest you to know that this paper behaved splendidly on our fast moving Goss-perfecting press; there was no static and not a single break in the web. The print speaks for itself."

The Brunswick News' Goss press is of the same size and design as The Star's Duplex press, both using roll paper.

A Marvelous Development  
Obtaining white paper from Southern pine is the feat of Dr. Charles Hertly, working for years in his laboratory at Savannah, Ga. He is financed by the Chemical Foundation, aided by the State of Georgia and the City of Savannah.

While the Georgia papers were the only ones supplied with newsprint on this test run, plans are under way to offer this new Southern paper to publishing plants everywhere.

If successful, it may mean the recovery for the United States of a 140-million-dollar industry that has gone over the boundary of from Wisconsin, Minnesota, Michigan and New York into the great spruce forests of Canada. Furthermore, instead of returning to the Northern states, this industry would come clear South, where pine grows in a fourth the time required by spruce, and costs only a third as much.

Some idea of the size of the newsprint industry can be gained from your own home-town paper, Hope Star, which uses from two to three carloads of newsprint a year, 40 to 60 tons, at an annual cost of from \$2,000 to \$3,000, purchased at present from Canada.

MATANZAS, Cuba.—(P)—Five former officers of the Cuban Army were massacred on a highway near Colon Saturday by a group of unidentified men who forcibly removed the officers from guards who were conveying them from Matanzas to Santa Clara. The officers, who served under former President Machado, were in disfavor with the present government.

LITTLE ROCK.—(P)—Frequent escapes of Helen Espence Eaton from the State Farm for Women, and her untidy conduct there, resulted in her transfer Saturday to the state hospital for observation. She was returned to the woman's farm Friday after driving away Thursday with another man, being recaptured in Faulkner county.

PARIS, France.—(P)—Camille Chautemps agreed Saturday to attempt to form a new cabinet, as political observers predicted it would last about one month.

Herriott Turned It Down  
PARIS, France.—(P)—President Le Brun, after more than a day of consultation, offered the premiership of France to Edouard Herriott Saturday. But that veteran statesman and former premier declined, suggesting to the president that Camille Chautemps be given the office.

Chautemps served as premier for a brief period three years ago, and knows by experience how precarious the position is—but he was expected to accept.

### Balanced Budget Is Pledged by Douglas

Additional Expenditures Must Be Met With Tax Increase—To Begin Debt Retirement Next Year

BOSTON, Mass.—(P)—Lewis W. Douglas, director of the United States Budget Bureau, declared Thursday that a good national budget "can counteract the bad effects" of whatever monetary policy the government pursues.

He declined to amplify his permit an expression of his own views on the gold program of the Roosevelt administration which recently was criticized by Prof. Oliver W. M. Sprague when he quit his post as advisor to the United States Treasury. Douglas said, however, he had no intention of resigning.

Here to address the ninth New England Conference, a semi-official body representative of business interests in the six New England states, Douglas said he felt the gold question and the matter of monetary policy was something that "was not down my alley."

Later, in addressing the conference, he warned that if additional governmental obligations were incurred over and above those now contemplated, "the great middle class must willingly carry the tax burden of saving itself from destruction. For continuous means its destruction."

Douglas insisted that the "unimpaired credit of the government is the foundation of our economic system and must be preserved."

### Walker Waives Extradition; Will Return to Georgia

Fugitive, Caught Here, to Be Taken Back to Prison on Saturday

TO OFFER NO FIGHT  
Signs Papers and Will Go Back With Rome (Ga.) Police Chief

Harry Walker, convicted kidnaper and a fugitive from a chain gang, arrested here early Thursday morning, was ready to shuffle off for Georgia Saturday to resume his sentence.

Walker has already signed extradition papers and is waiting to return to his native state, where he has a wife and two small children. Whether he would get to see them on his return trip, was not forthcoming.

Chief of Police H. B. Gordon of Rome, Ga., was expected to arrive here sometime Saturday to take Walker back to a stockade prison in Floyd county, Ga., where he escaped last August.

Walker was serving a four-year sentence for the attempted kidnapping of the step-son of a Rome, Ga., hotel mill owner, at the time of his escape.

When arrested at the farm home of Charles Fox, four miles east of here, where he had been an employee since August, Walker admitted his identity, previously established by finger prints. Walker expressed the desire to return to Georgia and serve his term.

However, he denied plotting to kidnap the child, for which he was convicted. Walker claimed that he was "framed," and had hopes of obtaining a new trial when he returned.

After his escape from prison Walker fled to Little Rock. He then headed for Texas and was picked up on the highway by Mr. Fox who offered him a job on the Fox farm. Walker accepted.

Jailed at Texarkana two weeks ago on a drunkenness charge, he was fingerprinted. The prints were sent to the Bureau of Identification at Washington, D. C. In the meantime Walker was released, but re-arrested by Officers Homer Burk and Brice Arnett on information supplied from Washington.

### Arkansas Captures Title, Beating Texas

Great Razorback Team Smashes Longhorns 20 to 6 at Austin

AUSTIN, Texas.—(P)—The University of Arkansas drove its way to a 20 to 6 victory over a fighting University of Texas eleven Friday to clinch its hold on the Southwest Conference championship and end Texas' dwindling aspiration for a share in the title.

It was Arkansas' last conference game of the season. It gave them a conference record of four victories and one defeat. The title of the Porkers, however, has been clouded by the playing of an ineligible man in two conference games. The conference will decide on December 9 whether the games should be forfeited.

Texas played a much better game than the score indicates. Texas marked up 11 first downs to four for Arkansas, and was credited with more yardage from scrimmage.

Razorbacks Real Change  
Arkansas, playing like champions in sports, took quick advantage of the breaks to score its counters and held the Texas backs in check when the rampaging Steers staged two drives that came dangerously near to scores.

Texas got the jump in the first period when it took an exchange of punts. Taking the ball on the Arkansas 44, Juerks and Hilliard made six yards, and then Hilliard got away for 23 yards. Stading on his 25 yard line, Hilliard shot a pass over the goal to Gray, who snatched it out of the hands of two Arkansas players. Hilliard's place kick was wide.

### American Exports Up 34 Million, and Imports 3 Million

Senator Lewis, Illinois, Defends Roosevelt at Chicago

TO BE NO INFLATION  
President Roosevelt Is Against Printing of Paper Money

WASHINGTON.—(P)—The United States' exports Saturday by Department of Commerce figures to have gained 34 million dollars as compared with September. Imports increased 3 million dollars. The excess of exports over imports for the month was 43 million dollars, and for the 10 months ending October 31st, 111 million dollars.

No Inflation, Says Lewis  
CHICAGO.—(P)—Senator Lewis, of Illinois, said Saturday that the administration of President Roosevelt had lifted the country from the depths of despair to a new nation of hope.

He defended the recovery act and other measures before a public meeting in a Chicago theater.

Speaking of inflation, Lewis said: "Not only is there no inflation upon the American dollar, but there will be none."

"President Roosevelt and his advisers have united against an inflation that rests its value upon the mere printing of money."

Reserve Denies Fight  
WASHINGTON.—(P)—With the dollar stronger abroad, and the administration holding the price of domestic gold unchanged, Governor Black of the Federal Reserve Board denied Saturday that his agency and the Treasury were working at cross-purposes.

"There is absolutely no rift between the Federal Reserve Board and the Treasury," Black said.

He declared also that there is no connection between the administration's monetary policy and the reserve system's operations in the open bond market.

### Mention Others As Stars of 1921

A. J. Butler Adds Names to Our Story of Famous Old Team

Several days ago The Star published a story which included members of the 1921 Bobcat football team, naming Charles (Fat) Bridewell as an all-star guard. Saturday The Star received a note from a reader at Slaton, Texas. The letter follows:

Editor The Star: Wish to call your attention to your article in The Star entitled "Local Grid Stars of 1921." Note you show Fat Bridewell as making all-star team. This is true, but those receiving honorable mention should also be included. They were: Butler Right, guard; D. Jones, right end; Willie Warren, half; and Robinson, on second team. Counterfeiter Off to Leavenworth  
Leonard Wilson Leaves Texarkana Under Guard for Penitentiary

Leonard Wilson, convicted Hope counterfeiter, left Texarkana Friday night for Leavenworth federal prison where he will serve three years for passing bogus money on Hope merchants. Deputy United States Marshal Albert Buhler, of Texarkana, had charge of the prisoner.

Wilson was arrested here several days ago after passing a fake \$10 bill at L. C. Burr & Co., and a fake \$1 bill at Ed. I. Rephan's New York store. A companion of Wilson escaped. He was later taken in custody at Texarkana and identified as Joe Carter Vanebilt. In federal court at Texarkana Vanebilt was released on probation. Wilson was convicted and sentenced to serve three years.

At the time of his arrest here, Wilson had in his possession six \$10 bills.

Of course time and condition are the deciding factors in everything about a baby. Ask the doctor and do as he says. Don't let your fresh-air urge over-ride good hard sense.

The best way to begin is by choosing a warmish, bright day with no wind. Then the baby can be wrapped up, head and all, but not his face, and carried about for five minutes. We'll say he is three weeks old now, or a bit over.

The next day, five minutes, too, if the weather is still good. The next day, ten minutes. The next day, ten to fifteen minutes long, perhaps in his buggy now, hodd up, away from wind, noise and dirt. Then lengthen the time gradually, to half an hour and eventually to an hour.

Fresh air is one great good thing for babies as well as anyone else. In fact you can actually "see" a baby grow better, eat better, sleep better, and get rounder and rosier if he gets plenty of fresh air.

But there is a time and place for everything and this matter of airing the baby is one of the things.

Today as I write, for instance the weather isn't fit for a dog to be out. High wind, snow, gray skies, and far below freezing. I certainly hope there isn't a young baby in this town out today. The wind won't stay put—it comes fitfully from all quarters. What is sheltered one minute is exposed the next.

**Airing in the Nursery**  
There will be many such days between now and April. In such weather, to keep the baby in the house is the sanest thing I know.

Give him his oxygen in the nursery. Put his window down, at such a time, from the top, or use a muslin screen if it opens below; place his crib so no wall draft catches the baby. Put his down on his head. Put his outdoor clothes on, and see that the room is fairly cool but not too cool. Then let him go to it and breathe in all the fresh air he can get.

If it is a very cold day, put a hot-water bottle at his feet. Plenty of covers, too. If his hands are warm he is probably all right. Always feel a baby's hands and feet.

## The UNKNOWN BLOND

DAVID BANNISTER, a white, former newspaper reporter, undertaken to find out.

Police are searching for an "unknown blond" who visited King shortly before his death. Bannister has seen this girl, but she has disappeared since.

HELMAN SCHLACH, who wrote King a threatening letter, is in jail. He declares his innocence. Bannister works on the case with J. RANDOLPH GAINES, star reporter of the Post. In the dead man's apartment Bannister picks up an old-fashioned wooden picture which he takes to him and GAINES talk to AL DRUGAN, friend of King's, who tells them the whereabouts of the girl. Bannister, having trouble with JOE PARROT, his former vaudeville partner, Drugan accuses Parrot of the murder.

GAINES and Bannister go to see DENISE LANG, King's fiancée. NOW GO ON WITH THE STORY CHAPTER XV

THE two men followed the maid across a hall into the huge living room. And then they saw Denise Lang.

She was sitting on a small sofa at one side of the fireplace. A fire glowed on the hearth, crackling and snapping cheerfully.

"The girl saw them, rose and came forward. Bannister would have recognized her from her photograph but he was not prepared to find her so very attractive. She was more than that. Denise Lang was beautiful. She was taller than he had expected, slender and she moved gracefully. Her frock was of black velvet, a dress of complete simplicity except for a bit of white at the throat. Her hair lay in gleaming ringlets—an elaborate coiffure that must have been arranged by a skillful hairdresser. The ringlets caught the light as she moved, turning to shimmering gold.

"How do you do," Denise Lang said. "You wanted to see me?" Her voice was low-pitched, with a quality of vibrance. Bannister saw that she was quite pale and that the ringlets she formed the words rather slowly.

It had been GAINES who had taken command in talking with Drugan but now it was Bannister who stepped forward.

"Yes, Miss Lang," he said. "My name is Bannister and this is Mr. GAINES. We're with the Evening Post. The Post is co-operating in every way possible with the police, trying to learn more about the horrible crime that took place last night."

"The girl's lips tightened. 'Have they—?' she began hesitantly. 'Do they know—?'"

"They're working on several lines of investigation," Bannister told her. "Some of them are quite promising. There's nothing yet, though, that's definite enough to pin the guilt on anyone. I suppose you've talked with the detectives?"

"There were two men here this morning," Denise Lang said. The light of interest had gone from her eyes. "You sit down?"

"The men found chairs. Denise returned to her sofa and sat, facing them.

## Weekly Sunday School Lesson Paul in Corinth

Text: 1 Cor. 1:1-13:21-5

The International Uniform Sunday School Lesson for November 26

By WM. E. GILADY, D. D., Editor of The Congregationalist

What Athens was in the culture and philosophy of the ancient world, Corinth was in its general prosperity. It was called "the eye of Greece," and "to live as they do at Corinth" became a byword in the ancient world for luxurious living in a sophisticated and prosperous society.

Here, inevitably, in its conquest of the Grecian cities the gospel must make its way. It was notable for the fact that Paul paused in his journeying to and fro long enough to have at Corinth a period, corresponding to some modern pastorate, though much more intense and crowded in its relative shortness.

The marks of this deeper ministry of contact and influence are evidenced in the fact that the two epistles to the Corinthians are much the longest that we have of Paul's writings, and give us with much detail the most intimate picture that we have of conditions in the ancient church.

In Corinth the divisions over matters of doctrine and concerning matters of practice became very marked. A great deal will be found in the Epistles concerning questions of conduct, answering the perplexity of these early Christians as to just what the new faith implied in pagan surroundings.

Here in our lesson, however, we have set before us the divisions that were of a somewhat personal nature. This church at Corinth had been fortunate in the distinguished leaders who had either lived there or spent some time with the church, and the result was that these leaders tended to develop followers.

Inasmuch as the leaders represented somewhat different viewpoints and emphases, the tendency was toward the breaking up of the church into divisive sects or groups, some saying "I am of Paul," others "I am of Apollo," and others "I am of Cephas." For some even Christ had become the head of a party, and they were saying "I am of Christ."

Paul meets this situation very determinedly and yet in excellent spirit. He challenges these Christians regarding the unworthiness of their divisions. He asks them, "Is Christ divided?"

## PETITION

By HELEN WELSHIMER

WHEN I was small street-lighters came With magic wands that made The corner lamps walk down the street, In sudden bright parade.

AND all the folks with longing hearts, And boys and dogs and tramps Were gayer when the dusk hung out Its row of yellow lamps.

TONIGHT my path runs dark and long Beneath close-crowded trees. Oh, lift your wand again, dear God, And light a lantern, please!

For the occasion the spacious McRae home was beautifully decorated with floor baskets of huge white chrysanthemums, and gracefully arranged white chrysanthemums emphasizing most artistically the color scheme of green and white. The bride motif was evident in the tallies and score pads on the tables arranged for bridge. The high score, favor went to Mrs. Robert LeGrone and the honoree was presented with a dainty gift. The hostesses served a most tempting salad course with coffee.

Marie Dressler who co-stars with Lionel Barrymore in her latest picture, "Christopher Bean" heralds this as her birthday attraction and comes for a two day showing at the Saenger Sunday and Monday. Marie can rightfully be called the "sweetheart of the screen" while Lionel is billed as the greatest of the Barrymores. But no matter how they are billed, they are two great artists in no matter what the picture title is.

15 yard line. Madison made five around end, Hargis hit the line for two yards, and a pass to Madison to touch down. With fourth down, Madison dropped back and attempted a pass to Jack Turner. The officials ruled it interference, making it first down for the Bobcats on the ten yard line. Harper made six around right end, and lost two around left end. With the ball on the five yard line Hargis plunged into the line for no gain.

With it fourth down, five to go, and defeat staring them in the face, Quarterback Harper elected to give the ball to Kenneth Madison, his stellar half-back, on a wide sweeping end run. This time Madison was not to be denied; he skirted sideward towards the right side of the field, and drove over the final marker for the Bobcats lone touchdown to tie the score. The atmosphere was tense as Madison dropped back to attempt goal in an effort to break the tie. The ball was passed from center and Harper holding the ball momentarily juggled it before he placed it on the ground, two Horatio line men rushed in and just as it appeared that the kick would meet the ball sending it squarely between the uprights and over the fence to give the Bobcats their one point advantage.

Horatio elected to receive, but the inspired Bobcats fought tenaciously and forced the Lions to punt. With three minutes remaining to play Harper and Hargis plugged the line in conservative style. The game ended with the Bobcats in possession of the ball in midfield.

Longene, Brown, and Crews were outstanding for Horatio; while Brown and Houston checked in the best game in the Bobcat line. Madison, as well as the outstanding offensive player for Hope; while little J. W. Harper at quarterback ran the team in excellent fashion and turned in several nice runs.
